

## **Danyelza™, Margenza® and Saphnelo™ to require prior authorization for URMBT members with Blue Cross non-Medicare plans**

For dates of service on or after June 30, 2022, the drugs listed below will require prior authorization and may also have site of care requirements, quantity limit requirements or both. These requirements will apply to UAW Retiree Medical Benefits Trust members with Blue Cross non-Medicare plans. These drugs are covered under the medical benefit.

See the table for more information. When a cell is blank, the drug doesn't have that requirement.

| Brand name | Generic name      | HCPCS code | Requirements          |              |                 |

Prior authorization requirements apply when these drugs are administered in an outpatient setting.

Note: These requirements don't apply to the UAW Retiree Health Care Trust (group number 70605) or the UAW International Union (group number 71714).

### **How to submit prior authorization requests**

Here's information on how to submit requests:

- **To submit requests to AIM**, use one of the following methods:
  - Submit through the [AIM ProviderPortal\\*](#).
  - Call the AIM Contact Center at 1-844-377-1278.
- **To learn how to submit requests through NovoLogix**, go to our [Blue Cross Medical Benefit Drugs](#) page, scroll to the Blue Cross commercial column and review the information in the "How to submit authorization requests electronically using NovoLogix" section.

NovoLogix offers real-time status checks and immediate approvals for certain medications.

### More about the authorization requirements

Authorization isn't a guarantee of payment. As always, health care practitioners need to verify eligibility and benefits for members.

For additional information on requirements related to drugs covered under the medical benefit for URMBS members with Blue Cross non-Medicare plans, see:
