

Syfovre™ to require prior authorization for Medicare Advantage members starting April 3

For dates of service on or after April 3, 2023, the following drug will require prior authorization for Medicare Plus Blue and BCN Advantage members. This drug is a part of members' medical benefits, not their pharmacy benefits.

- Syfovre (pegcetacoplan), HCPCS code J3590

Submit prior authorization requests through the NovoLogix® online tool.

When prior authorization is required

Syfovre will require prior authorization when it is administered by a health care provider in sites of care such as outpatient facilities or physician offices and is billed in one of the following ways:

- Electronically through an 837P transaction or on a professional CMS-1500 claim form
- Electronically through an 837I transaction or using the UB04 claim form for a hospital outpatient type of bill 013x

Submit prior authorization requests through the NovoLogix tool

To access NovoLogix, log in to our provider portal (availity.com*), click *Payer Spaces* in the menu bar and then click the BCBSM and BCN logo. You'll find links to the NovoLogix tools on the Applications tab.

Note: If you need to request access to Availity®, follow the instructions on the [Register for webtools](#) webpage at bcbsm.com/providers.

List of requirements

For a list of requirements related to drugs covered under the medical benefit, see the [Medical Drug and Step Therapy Prior Authorization List for Medicare Plus Blue and BCN Advantage members](#).

We'll update the list to reflect this change prior to the effective date.
