

## Tzield™ to require prior authorization for URMBT members with Blue Cross non-Medicare plans

For dates of service on or after July 10, 2023, Tzield (teplizumab-mzww), HCPCS code J3590/C9149, will require prior authorization through the NovoLogix® online tool for UAW Retiree Medical Benefits Trust members with Blue Cross non-Medicare plans.

This drug is covered under the medical benefit.

The prior authorization requirement applies only when Tzield is administered in an outpatient setting.

Note: Prior authorization doesn't apply to the UAW Retiree Health Care Trust (group number 70605) or the UAW International Union (group number 71714).

### How to submit authorization requests

Submit prior authorization requests through NovoLogix. It offers real-time status checks and immediate approvals for certain medications.

To access NovoLogix, log in to our provider portal ([availity.com](https://availity.com)\*), click *Payer Spaces* in the menu bar and then click the BCBSM and BCN logo. You'll find links to the NovoLogix tools on the Applications tab.

Note: If you need to request access to our provider portal, follow the instructions on the [Register for webtools](#) webpage on [bcbsm.com/providers](https://bcbsm.com/providers).

### More about the authorization requirement

Authorization isn't a guarantee of payment. As always, health care practitioners need to verify eligibility and benefits for members.
