

Reminder: Register for a webinar on June 15 or 21 to learn how to submit requests for ABA services through e-referral

There's still time for licensed behavior analysts to sign up for a webinar to learn how to submit requests for applied behavior analysis services through the e-referral system.

To register:

1. Log in to the [Blue Cross and BCN provider training website](#). (If you don't already have a login and password, click *New User? Click here to register* at the bottom of the screen.)
2. On the main page, under Upcoming Events, click the webinar you wish to attend. Click *See All Events* to view all upcoming events.

The LBA-specific webinars are scheduled for June 15 and June 21.

We strongly encourage all LBAs to attend a live webinar. For those who aren't able to attend a live webinar, we'll record the webinar and post it to the provider training website.

See our [May 3, 2023, provider alert](#) for information about:

- Getting access to our provider portal, Availity® Essentials, and the e-referral system
- Accessing recorded training within Availity. It's important that you complete this training before attending the LBA-specific live webinars because it includes information that won't be covered in the live webinars.

Availity is an independent company that contracts with Blue Cross Blue Shield of Michigan and Blue Care Network to offer provider portal and electronic data interchange services.
