

## Changes to the *Breast Elastography Trigger* questionnaire in the e-referral system

On Sept. 29, 2024, we'll update the *Breast Elastography Trigger* questionnaire for Blue Care Network commercial and BCN Advantage members in the e-referral system as follows:

- This questionnaire will no longer open for procedure code \*76391.

Note: For dates of service on or after Sept. 29, 2024, this procedure code is managed by Carelon Medical Benefits Management.

- We changed the wording of the question.

As a reminder, we use our authorization criteria, our medical policies and your answers to the questionnaires in the e-referral system when making utilization management determinations on your prior authorization requests.

### Preview questionnaires

Preview questionnaires show the questions you'll need to answer in the e-referral system so you can prepare your answers ahead of time.

To find the preview questionnaires, see the document titled [Authorization criteria and preview questionnaires](#).

You can access this document by going to [ereferrals.bcbsm.com](http://ereferrals.bcbsm.com), clicking on *BCN* and then clicking on [Prior Authorization & Plan Notification](#). Scroll down and look under the "Authorization criteria and preview questionnaires for select services" heading.

### Authorization criteria and medical policies

The *Authorization criteria and preview questionnaires* document explains how to access the pertinent authorization criteria and medical policies
