

Tezspire to have a site-of-care requirement for most commercial members starting Jan. 1

For dates of service on or after Jan. 1, 2025, we're adding a site-of-care requirement for most Blue Cross Blue Shield of Michigan and Blue Care Network group and individual commercial members for the following drug covered under the medical benefit:

- Tezspire® (tezepelumab-ekko), HCPCS code J2356

The NovoLogix® online tool will prompt you to select a site of care when you submit prior authorization requests for this drug. If the request meets the clinical criteria for the drug and is for one of the following sites of care, it will be approved automatically:

- Doctor's or other health care provider's office
- Ambulatory infusion center
- The member's home, from a home infusion therapy provider

Additional information or documentation may be required for requests to administer Tezspire in an outpatient hospital setting.

As a reminder, this drug already requires prior authorization; providers can submit prior authorization requests using NovoLogix. The new site-of-care requirement is in addition to the current prior authorization requirement.

Members who start courses of treatment with Tezspire before Jan. 1, 2025, will be able to continue receiving the drug in their current location until their existing authorization expires. If these members then continue treatment under a new prior authorization, the site-of-care requirement outlined above will apply.

Some Blue Cross commercial groups aren't subject to these requirements

For Blue Cross commercial, prior authorization and site-of-care requirements apply only to groups that participate in the standard commercial Medical Drug Prior Authorization Program for drugs administered under the medical benefit. To determine whether a group participates in the prior authorization program, see the [Specialty Pharmacy Prior Authorization Master Opt-in/out Group list](#).

While UAW Retiree Medical Benefits Trust non-Medicare members don't participate in the standard prior authorization program, these requirements apply to them.

Note: These requirements don't apply to Blue Cross and Blue Shield Federal Employee Program® members.

Lists of requirements

For more information about requirements related to drugs covered under the medical benefit, see these lists:

- [Blue Cross and BCN utilization management medical drug list for Blue Cross commercial and BCN commercial members](#)
- [Medical Drug Management with Blue Cross for UAW Retiree Medical Benefit Trust PPO non-Medicare members](#)

We'll update these lists prior to the effective date.

You can access these lists and other information about requesting prior authorization at ereferrals.bcbsm.com, at these locations:

- [Blue Cross Medical Benefit Drugs](#) page
- [BCN Medical Benefit Drugs](#) page

Prior authorization isn't a guarantee of payment. Health care providers need to verify eligibility and benefits for members.
