

Tango will manage home health care for our Medicare Advantage members starting March 2

For dates of service on or after March 2, 2026, tango will do the following related to home health care for our Medicare Advantage members:

- Manage the provider network
- Coordinate referrals
- Manage prior authorizations
- Process claims

Home health care providers who want to continue to provide services to Medicare Plus Blue and BCN Advantage members in Michigan will be required to have a direct contract with tango to remain in-network for these members.

Look for a letter from Blue Cross Blue Shield of Michigan and Blue Care Network that contains information about changes to the home health care provider network.

We'll share additional information about the transition to tango through provider alerts and articles in upcoming issues of *The Record* and *BCN Provider News*. In addition, you can learn more about tango at tangocare.com.*

[Subscribe](#) to Provider Alerts Weekly, a weekly email with a list of links to the previous week's provider alerts.
