

A new questionnaire for referrals to out-of-network providers will open in the e-referral system for some office visit codes

In the coming months, we'll add a questionnaire in the e-referral system for out-of-network providers for the following office visit procedure codes:

*99201	*99202	*99203	*99204	*99205
*99206	*99207	*99208	*99209	*99210
*99211	*99212	*99213	*99214	*99215

This questionnaire will open when you submit a referral to an out-of-network provider.

Here's what you need to know about the new questionnaire:

- You must complete the entire questionnaire.
- Some requests will be approved automatically.
- In most situations, you'll be able to request only one visit at a time.
