

Reminder: Home health agencies must contract with tango by March 2 to stay in network for Medicare Advantage members

Starting March 2, 2026, home health care providers who want to continue to provide services to Medicare Plus Blue and BCN Advantage members in Michigan will be required to have a direct contract with tango to remain in network for these members.

A letter was sent in November from Blue Cross Blue Shield of Michigan and Blue Care Network that contained information about changes to the home health care provider network.
