

Ranluspec to require prior authorization for most commercial members starting June 15

For dates of service on or after June 15, 2026, we're adding a prior authorization requirement for most Blue Cross Blue Shield of Michigan and Blue Care Network group and individual commercial members for the following drug covered under the medical benefit:

- Ranluspec™ (ranibizumab-hkdz), HCPCS code J3590

How to submit prior authorization requests

Submit prior authorization requests through the Medical and Pharmacy Drug PA Portal. It offers real-time status checks and immediate approvals for certain medications.

To access the Medical and Pharmacy Drug PA Portal, log in to our provider portal (availability.com*), click *Payer Spaces* in the menu bar and then click the BCBSM and BCN logo. Click the *Medical and Pharmacy Benefit Drug Prior Auth* tile in the Applications tab.

Note: If you need to request access to our provider portal, see the [Register for Web Tools](#) webpage on bcbsm.com.

Some Blue Cross commercial groups aren't subject to these requirements

For Blue Cross commercial, this prior authorization requirement applies only to groups that participate in the standard commercial Medical Drug Prior Authorization Program for drugs administered under the medical benefit. To determine whether a group participates in the prior authorization program, see the [Specialty Pharmacy Prior Authorization Master Opt-in/out Group list](#).

Note: Blue Cross and Blue Shield Federal Employee Program® members and UAW Retiree Medical Benefits Trust (non-Medicare) members don't participate in the standard prior authorization program.

List of requirements

For a full list of requirements related to drugs covered under the medical benefit, see the [Blue Cross and BCN utilization management medical drug list for Blue Cross commercial and BCN commercial members](#). We'll update this list prior to the effective date.

You can access this list and other information about requesting prior authorization on the [Medical Benefit Drugs page](#) on the authorizations.bcbsm.com website.

Prior authorization isn't a guarantee of payment. Health care practitioners need to verify eligibility and benefits for members.
